6 **IN THE COURT OF COMMON PLEAS**
7 **FIRST JUDICIAL DISTRICT OF PENNSYLVANIA**
8 **PHILADELPHIA COUNTY – CRIMINAL DIVISION**

9 Commonwealth of Pennsylvania,) Case No.:
10)
11 Plaintiff(s),) **MOTION TO DISMISS ARREST**
12) **WARRANT AND QUASH CHARGES**
13 vs.) **FOR LACK OF CRIMINAL INTENT,**

15) **PROCESS VIOLATIONS**
16 Defendant(s).)
17)

18 **TO THE HONORABLE COURT**

19 Defendant, Bryce B. Bubbleton, respectfully moves this Court to dismiss the arrest warrant
20 issued on May 13, 2025, and to quash the charges therein. In support, Defendant states the
21 following:

22 **I. BACKGROUND**

23 The Commonwealth has issued an arrest warrant listing multiple charges, including fraud,
24 unauthorized practice of law, false reports, impersonation, and conspiracy, based on Defendant's
25 legal practice activity. These charges are factually incorrect, legally insufficient, and procedurally
26 flawed due to lack of intent and improper notice.

27 **II. GROUNDS FOR DISMISSAL**

28 **A. No Criminal Intent (Mens Rea) Exists**

1 Several of the charges, such as 18 Pa.C.S. § 4906 (False Reports), § 4912 (Impersonation), and §
2 4101 (Forgery), require the Commonwealth to prove that Defendant acted knowingly and with
3 intent to deceive. Defendant's conduct was based on a good-faith belief that his law firm,
4 Bubbleton & Associates, had been approved. Furthermore, the addition of a middle initial to a
5 CAD profile was disclosed to PSP Captain Dylan Rivers in a public chat, negating any allegation
6 of deception. (see Attachment A)

7 **B. Inconsistent Age Records Undermine Prosecution**

8 The arrest warrant correctly lists Defendant's age as 19, yet prior allegations falsely claim he is
9 14. This contradiction voids any claim of identity fraud or impersonation and calls into question
10 the credibility of the underlying records and investigation.

11 **C. Filing Legal Actions Is Protected Conduct**

12 Defendant's lawsuit filings and legal advocacy against government misconduct are not criminal.
13 Filing a lawsuit is not fraud, obstruction, or unauthorized practice of law unless done with false
14 intent or misrepresentation, which neither of which occurred.

15 **D. Unauthorized Practice of Law Statute Misapplied**

16 Defendant acknowledges representing himself as a licensed attorney in Pennsylvania, based on
17 the active "LAW" privileges assigned to him in Sonoran CAD. Furthermore, Defendant operated
18 under the good-faith belief that his law firm, Bubbleton & Associates, had been approved, a
19 belief further supported by the lack of any formal notice of denial and the initial "Its good"
20 message by Andrew D. Johnson, which has since been edited. (see Attachment A)

21 **E. Due Process Violated by Lack of Notification**

22 Defendant was not properly informed that his law firm had been denied approval. Discord's
23 notification system did not alert him via ping or visible channel change. Therefore, he lacked the
24 knowledge necessary to commit any alleged "false report" or "impersonation." Without
25 knowledge, there can be no criminal intent.

26 **III. PRAYER FOR RELIEF**

27 WHEREFORE, Defendant respectfully requests that this Honorable Court:
28

1. Dismiss the arrest warrant issued on May 13, 2025;
2. Quash all criminal charges listed in the warrant;
3. Declare Defendant's actions non-criminal and constitutionally protected;
4. Expunge the record of said charges from court files.

DATED: May 13, 2025
